Education

2015- now

M.Sc. in Computer Science

University of Bonn, Germany

2008 - 2013

B.Sc. in Computer Systems Engineering

Birzeit University, Palestine

Experience

May 2017 - **Research Assistant**

Present Fraunhofer IAIS, Germany

- Involved in building stream processing pipelines on a Kafka cluster using Flink in the context of the **datAcron** project.
- Working on my master **thesis**: "Distributed Online Learning for Large-scale Pattern Prediction over Real-time Event Streams".

Oct 2016 - **Teaching Assistant**

Mar 2017 University of Bonn, Germany

- Teaching and correcting the exercises of the Intelligent Learning And Analysis Systems: **Machine Learning** course (MA-INF 4111).

Mar 2016 - **Front-End Developer (part-time)**

Mar 2017 TROIUS DIGITAL, Germany

- Designed and developed web applications using HTML, CSS, Javascript, JQuery, React, Node.js and PHP.

Sep 2015 - **R&D Engineer**

Dec 2016 Freightos (Tradeos LTD), Palestine Office

- Developed software components based on GWT and Google App Engine to provide Java back-end solutions.
- Participated in an AGILE development environment, code reviews, team design sessions and contributed to the team strategy and process improvement.

Aug 2012 - **Software Engineer**

Sep 2014 EXALT Technologies Ltd, Palestine

- Designed and developed Web and desktop applications development using ASP.NET C#, and Android applications.
- Participated in the full development lifecycle from concept to deployment.

Technical Skills

Programming Languages

- Java, C/C++, C#, Scala, R and Python.

Web Technologies

- HTML5, JS, JQuery, PHP, GWT, ASP.NET MVC, Node.js and React.

Big Data Technologies

- Apache Flink, Apache Spark and Apache Kafka.

Others

- Shell Script, VHDL, VBScript and Assembly.
- MySQL, MongoDB, Apache Cassandra, BigQuery and SQLite.
- Git, SVN, Maven, Gradle, Webpack and Docker.
- Excellent Computer Science fundamentals, object-oriented design, data structures, algorithm design, problem solving, and complexity analysis.
